Cow Brush EASYCLEANER

Brush EASYCLEANER MINI for calves and goats

Ref. 130.5011

Ref. 130.5015

- Brush disc is placed in an inclined position. The extensive brushing surface and the rotating brushing movement provide a steady massage of the head and back section as well as big parts of the flanks and offer the cows a maximum cow comfort
- Suitable for animals of different size due to inclined mounting, no height adjustment necessary
- Bristles made of a very solid and special plastic
- Solid, space-saving construction
- Actuation via maintenance-free and heavy-duty gear with gear wheels made of hardened steel
- Easy start of actuation by touching the brush
- Change of direction of rotation of bristles each time when the brush is operated, ensuring an even use of bristles. Operating time approx. 2 min.
- **Resistance reverse mechanism adjustable.** In case of an overload situation e.g. wound up tail, the EASYCLEANER stops automatically and changes direction of rotation
- For indoor use. Easy installation on a wall or on a post
- **EASYCLEANER for 60 cows, EASYCLEANER MINI 80 for calves and goats.**
